RE: Business Focus

We thank everyone for the great support you have shown us over the past 3 years. As many of you know our catering division has grown so rapidly that we have outgrown our current kitchen space. We have continually found the need to cut back the restaurant hours to accommodate catering kitchen needs. In light of the current economic state in Michigan, we have found that building a secondary kitchen at this time would not be fiscally sound.

It is in our best interest as a company to return to our roots in catering only. We will convert Bobby J's Downtown to West Michigan Caterer home base. Bobby J's will become a rental facility exclusively for meetings, corporate events, rehearsal dinners, smaller weddings and fundraisers.

This will allow us to focus on our catering division and its growth as West Michigan's premiere caterer. For all of your catering needs, visit us at www.westmichigancaterer.com or contact me directly; bob@westmichigancaterer.com. If you have outstanding gift certificates for Bobby J's, please try to use them by July 1, 2009. If you are unable to use by that date, we will honor them toward a future catered event.

For information on facility rental here at West Michigan Caterer contact Bob; bob@westmichigancaterer.com or Marsha at marsha@westmichigancaterer.com.

Thank you all and we look forward to being of service to you in the future here at West Michigan Caterer.

Sincerely,

Bob Johnson
